TOGETHER WITH RECEIPTS,

The Unpleasant Condition of Affairs that Confronts the World's Fair Directors—Closer Financing and Economy to be Practiced.

WORLD'S FAIR GROUND, CHICAGO, June 1.—There is no denying that the treasury department of the fair is pressed for ready money although the banks which are represented in the local corporation stand ready to advance money any time to tide over an emergency. But money is owing to contractors and employees and the former find much difficulty in getting quick and full payment of their claims.

Treasurer Seaberg, is surrounded by a host of creditors. He is compelled to resort to all kinds of dignified excuses for "standing them off" but some have been waiting two months after their contracts have been completed and their vouchers passed.

There will be a severe policy of retrenchment in all departments of the fair beginning next month. The discharge of 2,000 employees is contemplated. The distribution of passes is to be kept within the narrowest limits possible, and even Maj. Handy, who deals with the press representatives of the world, is now projecting, under order of the directors, a heavy reduction of the list. Ex-President Baker, of the exposition, who is one of the special commissioners investigating the present matter, thinks that the press of the country has done more harm than good to the fair and should not be treated liberally.

The directors are heavily interested in the financial success of the exposition, and they can be relied on to do all in their power to reduce expenses and increase receipts. Special efforts are being made to secure donations from distant points will swell the crowds for the next five months, but the European patronage is not being relied on to any great extent in figuring on projected receipts. For the month of May it can only be said that the fair has not much more than paid operating expenses. The treasurer's official statement for the month will be given out today.

President Palmer of the World's Fair, with several other commissioners, conferred yesterday with the mayor regarding the receipt of the World's Fair. Arrangements were not completed, but there will be a reception at the depot, a breakfast at the mayor's house and a reception at the home of Mrs. Ruter Palmer.

The German section in Machinery hall will be formally opened at 10 o'clock this afternoon, after which the guests will march to the German village, where a spread will be prepared.

World's Fair Rates Reduced. CHICAGO, June 1.—All conference between the Santa Fe and its competitors have been broken off indefinitely. Those held have not been productive of any results so far as the maintenance of World's Fair rates is concerned. The Santa Fe will today put in its announced rates of 87¢ Denver to Chicago and return, and 17¢ Missouri River points to Chicago and return.

Reads in the Western Passenger association were in session yesterday afternoon considering what action to take in view of the Santa Fe's reduction of World's Fair rates.

Admission to the World's Fair. CHICAGO, June 1.—The paid admissions at the World's fair yesterday were 61,701.

THE BRIGGS CASE.

A Succinct Statement of the Case Before the General Assembly. WASHINGTON, May 31.—There seems to be even in the best informed quarters, some confusion as to the present position of the Briggs case, and the exact question before the general assembly. This is equivalent to the position may be of interest.

Under the rules of the church governing a trial such as the present there are four parties having the right to be heard:

1. The prosecution, which in this case is the appellant.
2. The defense, which in this case is the appellee, Dr. Briggs.
3. The commission to the general assembly from the judiciary whose judgment is being appealed from, which in this case is the presbytery of New York.
4. The members of the superior judiciary trying the appeal, which is the general assembly.

The first three parties have been heard; the fourth is now having its kind of a hearing.

The general assembly is calling the roll by synods, and those who desire to be heard are making three-minute speeches. This is equivalent to a consultation among the judges or jurors, whoever one may please to call the commissioners. At the noon recess some eight or ten of the synods had expressed their opinions and had occupied two hours and a half in so doing. When this roll is completed the next step will be the presentation of a motion to the house.

Should the appeal be sustained the voting on the specifications will go for naught. Should it be sustained it will be equivalent to a verdict of guilty against Dr. Briggs. A committee will then be appointed to prepare a minute for submission to the general assembly prescribing the punishment to be meted out. There are five things the general assembly can do in such a case. They can suspend; they can rebuke; they can admonish; they can depose him from the ministry; or they can expel him from the church.

In the case of conviction one of the last three courses is likely to be followed.

THE APPEAL FROM THE NEW YORK PRESBYTERY SUSTAINED.

WASHINGTON, May 31, 1933. P. M.—The appeal of the prosecution from the verdict of the New York presbytery acquitting Dr. Briggs of the charges against him has been sustained by the general assembly, the vote being as follows: Number of votes, 490; to sustain the appeal, 393; to sustain in part, 85. Total to sustain, 383, not to sustain, 110.

A FRUITFUL SEARCH.

The Whisky Trust Fails to Secure a Chicago, June 1.—President Green of the Whisky Trust, spent all day yesterday in the city in a fruitless effort to negotiate a loan of several hundred thousand dollars. "We must have the money," he said last night at his room in the Grand Pacific. "We need it in the payment of rebate certificates and running expenses. The banks are making no loan and charity in making any loan whatever, and they are especially chary of us since the completion that circumstances have recently thrown about us. We have been looking for an advertisement in this evening's papers asking for bids for \$1,000,000 of the new bond issue, bids to be made by Saturday next. The story went from Point A to Point B, and we failed to raise money to-day is not true. It's no use disguising the fact that we are hard pressed and need money, and we will be able, I have no doubt, to dispose of a million dollars of bonds."

AN UNPROVOKED AND COWARDLY MURDER.

TERRE HAUTE, Ind., June 1.—Leslie Bell was assassinated yesterday by James Johnson, at Caseyville, a small mining town twenty miles from here. Johnson had battered Bell for a chicken fight. Bell left the saloon where the talk had begun and crossed the street to another saloon. In the meantime Johnson and a friend had armed themselves with shotguns, and as Bell emerged from the saloon Johnson drew his gun and shot him through the heart, killing him instantly. Johnson left town, no one attempting to stop him.

A RETURNED DEFENDER SENTENCED.

PHILADELPHIA, June 1.—Ex-State Senator John J. MacFarlane, the defaulting president of the ruined American Life Insurance Co., and wrecker of the Bank of America, with which he was also connected, surrendered himself to the authorities yesterday morning, and in the court of quarter sessions pleaded guilty to the indictments against him, and was sentenced to four years' imprisonment in the eastern penitentiary. MacFarlane has been a fugitive in Brazil, accompanied by his wife and child, for nearly three years.

THE UNITED PRESBYTERIANS.

MONROVIA, Ill., June 1.—Yesterday morning the United Presbyterian assembly decided to hold the next meeting of the general assembly at Albany, Ore., commencing on the fourth Wednesday in August, 1934. The board of missions will meet one week previously at Portland, Ore.

The Trial Trip of the Battle-Ship Monterey.

SAN FRANCISCO, June 1.—The trial trip of the new battle-ship Monterey, yesterday, was a success in every way, her boilers and guns standing the tests admirably. The Scotch boilers were especially noted in connection with the Ward boilers, and worked without any hitch. The action of the big guns was all that could be desired. The government will report to the contractors.

THE SINGLE-JUDGE SYSTEM.

The Parties at Variance Getting Together on This Important Matter. CHICAGO, Ill., June 1.—John Boyd Thatcher, chairman of the World's fair committee, and the foreign commissioners yesterday afternoon and offered a compromise which will probably prove satisfactory to the foreign commissioners. Mr. Thatcher agreed to modify the original system of awards by providing as many jury members as the foreign officials deem necessary to inspect their exhibits, though retaining the right to apply the single-judge system in certain cases. The committee will report to a full meeting of the foreign commissioners tomorrow, when it is likely that final action will be taken on the original system.

Arrival of the Second Excursion Party.

CHICAGO, June 1.—The second excursion party from Berlin arrived yesterday afternoon. Among those in the party were Countess von Helldorf, a daughter of the famous Prussian brewer, and M. Harms, of the Imperial printing office.

AFFAIRS IN HAWAII.

Ex-Minister Stevens Returns to the United States.

BLOUNT'S ORIGINAL INSTRUCTIONS.

And the Course He Has Pursued Under Them a Severe Blow to the Hopes of the Royalists—A Reluctant Minister.

SAN FRANCISCO, June 1.—United States Minister Stevens was a passenger on the steamer Australia, which arrived shortly after 9:30 a. m. yesterday. The Australia brings Honolulu advices up to May 31.

On the 15th inst. Commissioner Blount published in the form of a proclamation to the Hawaiian people the original instructions given him by Secretary Cushman. The following are extracts:

"You will investigate and fully report to the president all the facts you can learn respecting the cause of the revolution by which the government was overthrown, the sentiment of the people toward the existing authorities and in general all that can fully enlighten the president touching the subject. Your report should contain a full statement of all matters touching the present government of the islands, and the protection of our citizens therein, in person and property, and you should advise the president of the attitude of the Hawaiian people toward the United States government, and of the attitude of the Hawaiian people toward the United States government, and of the attitude of the Hawaiian people toward the United States government."

Blount appended the following to the instructions: "While I shall refrain from interference between conflicting forces of whatever nationality or supremacy, I will protect American citizens not participating in such conflicts."

This was especially intended by Blount as an unmistakable intimation to the royalists that he would not employ United States forces to restore the queen, as they have persisted in claiming that he might be expected to do. This was to them a severe blow, and keeping up that fiction has been an essential part of their tactics.

On May 17 Blount received a telegram from Secretary Cushman announcing his appointment as minister plenipotentiary to the Hawaiian Islands, and directing him to take the oath of office before the consul-general. Blount expressed much reluctance to take the office and did so only to prevent a vacancy occurring at a critical period. He intends to occupy it for no longer time than for his successor to reach Honolulu.

Minister Stephens turned the legation over to Commissioner Blount on the 18th, and the latter presented himself and was received by President Hale as United States minister. The legation is in good financial condition. There is a strong and united disposition on the part of the capitalists to support the government, and the country is in a state of order and stability. Without going into all the details of such government, it favored a species of oligarchy under a republican form, retaining the power of the people, and the country is in a state of order and stability.

Retiring United States Minister Stevens paid a farewell visit to the government on the 23d inst. The following evening the American club paid their farewell respects to Mr. Stevens at the Eagle house.

Frank P. Hastings has been appointed secretary of legation to the Hawaiian Islands, and will be accompanied by the Marquis Don Pedro de Jovar and Commander Davis, drove to Pach's studio in Union square. The Duke de Tamames visited Morone to complete the set of photographs which he sent for Tuesday.

Yesterday afternoon the infant and suite visited the Normal college, and afterward occupied a box on the railway to the Normal college, and afterward occupied a box on the railway to the Normal college, and afterward occupied a box on the railway to the Normal college.

PANAMA, June 1.—Advices from the interior of Colombia state that on the night of the 11th the steamer Zaragoza foundered near Managua. Five bodies were recovered and those of the rest of the passengers and crew are supposed to be sunk with the steamer or to have been carried down the river. The place where the accident occurred was the whirlpool of Managua, in which it is supposed the steamer was forced to go by her helm and was dashed against the rocks.

STUPENDOUS FRAUDS.

Unearthed in Northern Iowa and Southern Minnesota by

SPECIAL PENSION EXAMINER WAITE.

And Laid at the Doors of Old and Popular Pension Attorneys—The Accused Arrested and Placed on Trial.

MINNEAPOLIS, Minn., June 1.—The Journal prints a sensational article on the unearthing of continued and stupendous frauds in northern Iowa and southern Minnesota. The work of investigation has been carried on by Special Pension Examiner Waite, who has headquarters in this city, and who has been at work on the case for several months. On May 23 George V. Leaven, Jr., a pension attorney who has been in the business since 1885 at Lime Springs, Ia., and who has secured pensions during that time for persons all through the territory mentioned, aggregating, it is said, over \$1,000,000, and Dr. George Kessel, of Cresco, Ia., were arrested on warrants sworn out by Waite before the United States commissioner in the league. His papers are bonds for his appearance and was released. Van Leaven and his son and other adherents controlled the news correspondents in the two towns, so that they were able to prevent any account of the affair from being made public. The hearing of Van Leaven was set for yesterday at Lime Springs, and that of Kessel for today at Cresco.

Waite and Van Leaven almost had a personal encounter in the latter's office when the examiner got hold of certain important files by force. Van Leaven claims that the official seized his papers and threatened to institute suit on this ground. He has retained State Senator John Smith of this city, ex-state commander of the G. A. R., to defend him.

The particular case on which the arrests were made is that of James Churchill, of Minneapolis. It is charged that the names of the witnesses on his papers are forged, and that the government will be able to establish this plainly. Van Leaven claims that the applicant and not he was responsible for the forgery. It is also alleged that Van Leaven gave a pension applicant a letter to Dr. Kessel, saying that the bearer was seeking a pension and asking the doctor to do so for him. But these cases are only ones on which the warrants were issued, and it is understood that the government is prepared to show that similar frauds have been perpetrated on a big scale for years.

FIRST IN THE FIELD.

Iowa Prohibitionists in State Convention.

DES MOINES, Ia., June 1.—The prohibitionists are the first to enter upon the Iowa campaign. Their state convention opened to-day with about 300 delegates and intense enthusiasm. The recent dynamite outrages at Muscatine, which are laid to the saloonkeepers, have greatly aided the third party prohibition movement. Rev. S. H. Turf, of Humboldt, was made temporary chairman, and Rev. Mr. Res, of Delta, temporary secretary. After speeches by the chairman, Mrs. Helen Gouger, of Indiana, and others were heard when the convention adjourned until to-day. National Chairman Dickey, of Michigan, is here, and told the chairman that the committee would pay special attention to work in Iowa this year.

Last night the association held an oratorical contest.

Thus far the scoundrel who committed the dastardly outrage upon Mrs. William H. Vest near Mt. Zion, Tuesday last, has eluded capture, although it appears that every possible effort has been put forth to run him down. The negro has not been captured, and at this hour it looks as if he will not be found, as he has had time enough to escape through the timber or on some freight train. This afternoon a more descriptive card was printed and sent out, offering a cash reward of \$50 for the arrest, identification and detention of the negro until an officer can take him in charge.

AT THE ALTAR.

An Early Morning Marriage at the Catholic Church.

Mr. George F. Dougherty, a merchant at Charleston, Ill., and Miss Mary Connor, of this city, have been good friends for a long time—since they were school children together—and this bright June day, at the hour of 8 a. m., they stood before the altar at St. Patrick's Catholic church, and in the presence of a large number of friends they were united in marriage by Rev. Joseph O'Boyle. The attendants were Miss Kittie Hodgson and John Hennessy, the bride party presenting quite a handsome appearance as they passed up the aisle of the sanctuary. The bride, who has been connected with the St. Nicholas hotel for a number of years, and has hosts of personal friends who wish her joy, was attired in a very becoming light green Pongee silk, with natural flowers for ornaments. Miss Hodgson was equally beautiful in a gown of brown Pongee silk and natural flowers.

Warm congratulations from a company of friends were extended at the home of Mr. and Mrs. W. B. Chapman on Central avenue, where an elegant wedding breakfast was served. Mr. and Mrs. Dougherty departed at noon for Chicago, where they will visit the World's Exposition. They will make their home at Charleston.

Another Day.

Secretary W. O. Nagely, of the Edna gold and silver mining company, will not be able to leave for Colorado until to-morrow or Saturday, as there is some business unsettled which requires his presence in Decatur. He has several blocks of shares of stock at the Edna mine yet to dispose of at 10 cents a share, and the opportunity is still offered to those interested in rate investment in a sure thing to get in on the ground floor by calling upon Mr. Nagely at the Republican office, where pay samples of ore taken from the mine may be seen. Call at once and engage shares of the stock. They can be had on weekly or monthly payments. The money is only required to develop the mine.

Died at 81.

William M. Baldridge, the real estate dealer, received a message from his brother, James R. Baldridge, of Charleston, Va., this morning, bearing the announcement of their father's death, which occurred at the home of the latter at 12:15 a. m. to-day. The father, Dr. E. W. Baldridge, was 81 years of age and had been in the state of his death and has been living with his son for some time. The body will be buried at Charleston.

The Noble bill, removing the \$50.00 limit for damages in case of death by accident at the hands of railroad and other corporations, was defeated in the house yesterday by a vote of 49 yeas to 61 nays. Stringer, from this district, voted in the affirmative, and Smith and Leavitt were absent. The vote against the bill was largely given by the country members in the house.

He got suitcases for \$20.00 before he was allowed to leave Lincoln for Peoria to attend the funeral.

Counterfeiters Arrested.

O. L. Lingo and wife, people who lived in Peoria and who stood well in the community, were arrested in Chicago yesterday for counterfeiting \$2 bills. Three hundred of the bills were found in their possession. Lingo made a full confession.

A Good Day for Corn.

The Shellabaker Mill & Elevator Co. received May 30th, at their elevator in Moline, 9,000 bushels of corn from the farmers, about 186 wagonloads. This would indicate that there is still a large amount of grain in first hands.
